# PALM BEACH JEWELRY, ART & ANTIQUE SHOW

**Featuring a Dedicated Exhibition of Christopher Marley's  
BIOPHILIA: A Dialogue of Art, Nature and Science**

Hosted by Gallery of Amazing Things at the 2018 Palm Beach Jewelry, Art & Antique Show

*Palm Beach, FL (December 1, 2017)* – Award-winning artist Christopher Marley has flawlessly blended art, science, and nature into a stunning, one-of-a-kind exhibition that is coming to Florida, this winter. The incredible exhibit is called “Biophilia,” which means “love of life.” Marley’s passion for the vibrancy of nature is evident in each of his 400 original works that will be displayed; many of which will be unveiled for the first time at this exhibition. The display will be the largest art exhibit and sale ever of its kind.

Biophilia will be unveiled at the aptly-named Gallery of Amazing Things in Dania Beach, Florida, on December 5, 2017. The Biophilia Vernissage opening night, from 7:00 pm – 10:00 pm, will celebrate the seamless blend of art and nature that Marley has created. Admission to the Biophilia Vernissage is free for registered guests. Interested parties can register [here](#). The Palm Beach Show Group, the country’s leading full-service art, jewelry, and antique show production company, is a proud partner of the Biophilia Vernissage and The Gallery of Amazing Things.

The Biophilia exhibit will continue to awe visitors with its art, multimedia, and sensory experience at The Gallery of Amazing Things from December 6, 2017 through March 31, 2018. The Palm Beach Show Group is expanding the reach of this incredible show on February 14 – February 20, 2018 by bringing an impressive extension of the event to the Palm Beach Jewelry, Art & Antique Show.

The annual Palm Beach Jewelry, Art & Antique Show, held at the Palm Beach County Convention Center, is highly anticipated as being the largest and most prestigious show of its kind. The show will feature a stunning selection of art, antiques, and jewelry from some of the world's most sought-after exhibitors. The Biophilia exhibit will transform the Southeast Entrance of the convention center into a beautiful representation of man's relationship with the natural world, as seen through Marley's eyes.

The Biophilia exhibit will add a unique element to the Palm Beach Jewelry, Art & Antique Show, illuminating the beauty and complexity of the basic elements of nature that surround mankind. The exhibit is expected to draw a crowd of art and design enthusiasts who enjoy broadening their minds and imaginations through stunning, contemporary art. The brilliantly colorful display will attract visitors throughout Presidents' Day weekend. Tickets to the Palm Beach Jewelry, Art & Antique Show can be purchased [here](#). There will truly be something for everyone at the esteemed show, from the raw inspiration of nature in Biophilia to the one-of-a-kind, world class jewelry just booths away.

The Palm Beach Show Group is proud to host Christopher Marley at the 2018 Palm Beach Jewelry, Art & Antique Show. Marley is an acclaimed artist, naturalist, and New York Times bestselling author. His accolades include being named Best in Show by the International Furnishings and Design Association, Best of the Best - New York by the American Society of Interior Designers, and 2010 Photo Annual Winner in Photo District News. In Biophilia, Marley uses reptiles, insects, birds, fossils, minerals, botanicals, and sea life to create his colorful and intriguing exhibition.

Biophilia – a dialogue with art, nature, and science – promises an incredible experience to attendees at The Gallery of Amazing Things and at the Palm Beach Jewelry, Art & Antique Show.
